Objective

Motivated IT student aiming to gain hands-on experience through an internship in software development, with a particular focus on web technologies, machine learning, and user-centered design to enhance organizational efficiency and user experience.

Education

2026	Sipna College of Engineering and Technology Amravati Bachelor's Of Engineering 82.82%
2022	Sant Tukaram Maharaj Jr College Kinkhed Higher Secondary Certificate 78.67%
2020	Sarvajanik Vidhyalaya Chohotta Secondary School Certificate 90.4%

Skills

Communication Skills, Presentation Skills, Time Management, Problem Solving Skills,

Projects

Ecommerce Website

Developed a feature-rich e-commerce website using HTML, CSS, JavaScript, and MySQL, enabling users to explore, add to cart, and purchase a wide range of products. Integrated a responsive user dashboard and personalized profile sections, along with secure payment gateways for seamless transactions.

Online Blood Bank Donor Management System

Developed a browser-based Blood Bank Management System to streamline and enhance transparency in blood donor management and inventory control. Here I use HTML,CSS, JAVASCRIPT, BOOTSTRAP, MYSQL, PHP.
